This year, my goal is a top 10 finish in the 17-18 time trial at USA National Road Championships. Goals for the Sint-Martinusprijs stage race are to represent Rokform to the best of my ability and continue to grow my international racing experience. I am thankful for the opportunity."

Gabe McMullen:

"This will be my first year competing in Europe. I am not only thankful for this opportunity but I am excited to race for my country and help my team place well. This race will not only be hard but a learning experience"

Kendal James:

"Racing one year in Europe wasn't enough. Finishing this race last year only gave drive to come back next year to prove myself once again. Coming into the season strong and full of podiums then to get shot down with mono was drastic. Going into the race with little training will be difficult, but who said cycling was easy?"
